DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

With regard to the allowance of previously rejected independent claim 48:

The prior art of record fails to teach or to fairly suggest a cooling structure for a loudspeaker wherein the loudspeaker comprises a magnetic flux path, and a diaphragm; the magnetic flux path comprising a pole piece, an opposing piece in opposition to the pole piece and a voice coil; the opposed piece constructed such that it comprises an inner wall; said inner wall having a first portion which faces the pole piece across a magnetic flux gap; the inner wall also having a second portion facing the pole piece, said second portion of the inner wall defining a relief formed in said opposed piece for conducting air displaced as a consequence of motion of the diaphragm relative to the pole piece; and the second portion of said inner wall of the opposed piece extending farther away from the voice coil than the first portion of said inner wall of the opposed piece; and wherein the relief has an open side facing the voice coil to permit the passage of air.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
